

## CHANGEMAKERS NETWORK

### TERMS OF REFERENCE 2022

***The purpose of Creative UK is to harness the power of the creative industries to build a better, fairer, and more prosperous world.***

The Changemakers Network provides a regular forum for the sharing, co-ordination and amplification of proactive campaigns and advocacy initiatives undertaken by Federation members across the UK's creative industries. It feeds back on and supports Creative UK impact priorities and campaigns and empowers those in its communities to get involved.

Membership of the Changemakers Network is on a voluntary basis and is open to all Federation tier members of Creative UK. We aim to have balanced representation from all nations and regions, all subsectors and all backgrounds and experiences. We hope that membership allows us to champion your causes, and vice versa.

#### **Purpose**

**The Changemakers Network is a crucial means for Federation members to champion and consult on Creative UK's impact priorities and campaigns, as well as other campaigns across the sector, in support of our mutual vision:**

*A world where creativity is valued; where every idea has the opportunity to flourish and where creativity is recognised as the driving force of our future.*

#### **Objectives:**

- To join up and co-ordinate campaigning across the creative industries
- To amplify our initiatives through the power of shared resources, research and expertise
- To share best practice, intel and contacts that will support our mutual mission
- To ensure our policy, research and campaigns draw from a UK wide perspective and all subsectors
- To utilise our mutual networks to maximise our reach and work with communities previously excluded from conversations with gatekeepers like Creative UK
- To strengthen connections and relationships between our members who are driving impact and change

#### **Format:**

The Changemakers Network convenes quarterly, with frequent communication in between. Dates are communicated each quarter.

#### **Administration**

Chairs TBC

**Federation Lead:** Evy Cauldwell French, Development & Partnerships Manager, Impact & Change

**Federation Support:** Matthew Thomas, Events & Partnerships Officer
